

## **Executive Summary**

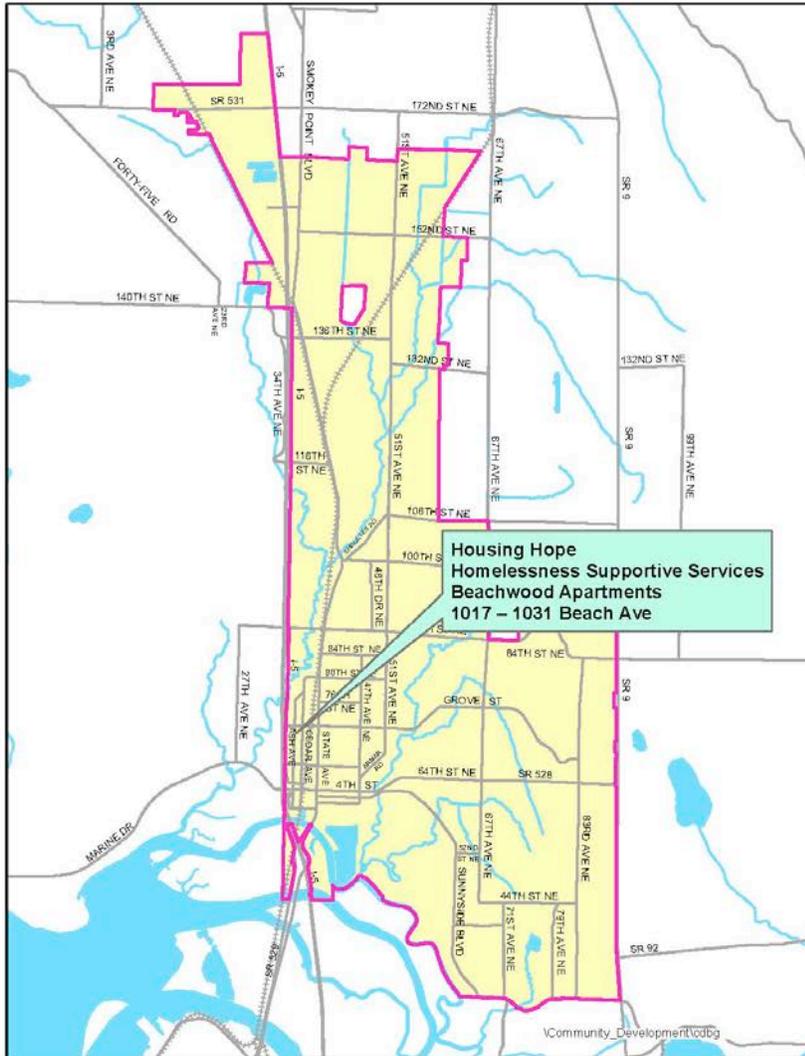

### **AP-05 Executive Summary - 91.200(c), 91.220(b)**

#### **1. Introduction**

#### **2. Summarize the objectives and outcomes identified in the Plan**

As the City pursues these strategies and objectives over the next years, the affordability of decent rental and owned housing units for Marysville's low- and moderate-income residents, as well as the availability and accessibility of decent housing for people who are homeless or have special needs, should increase. Continued support for public services should aid in the availability, accessibility, and sustainability of a suitable living environment for low- and moderate-income residents. Additional public facilities improvements will add to the availability, accessibility and sustainability of a suitable living environment for low-and moderate income residents. Additional public services should help specified populations in maintaining their residences and independence.

### **3. Evaluation of past performance**

There has been great success in assisting underserved populations with household repairs and chores which enables them to retain their independence and remain in their homes. Over 200 individuals benefited from the CDBG funds allocated to the agencies which provide minor home repair and chore services to low-income seniors and disabled persons each program year. The agencies are providing a much needed service and acting in a timely manner.

Another need that has been served by the allocation of CDBG funds has been assistance to homeless and at risk of homelessness individuals and families. For each of the Program Years that have been completed, 70 individuals (20 families) had access to transitional housing as well as supportive services to aid them in moving towards securing permanent housing.

A number of Capital Improvement projects were also completed which improved access to, and improved facilities, for low-moderate income individuals.

The above mentioned past performances helped guide the City in its selection of activities for the next year.

### **4. Summary of Citizen Participation Process and consultation process**

To ensure that all interested and affected parties have an opportunity to participate in development of the 2016 Action Plan, the City solicited input from citizens and the public and nonprofit agencies that serve them, through public meetings, public hearings, a 30-day public comment period, and general communications. Public meeting and public hearing comments and written public comments were reviewed and incorporated into the Annual Action Plan as appropriate.

### **5. Summary of public comments**

No comments were received from the public during the 30 day comment period or at the public meetings or public hearings.

### **6. Summary of comments or views not accepted and the reasons for not accepting them**

### **7. Summary**

The Annual Action Plan is made available in multiple formats and in multiple locations around the City in an effort to provide options for citizens. In addition, the plan is made available on the City's webpage and a News Bulletin is released in local circulations as well on Social Media and the City's public television channel.

## **AP-10 Consultation - 91.100, 91.200(b), 91.215(l)**

### **1. Introduction**

The public and low-income housing providers, as well as the governmental planning, health, mental health and service agencies, have close working relationships in Marysville and Snohomish County. Snohomish County Community Services Department is the lead agency for homeless housing and behavioral health activities in our community. The City consults regularly with the local Continuum of Care and also participates in the Partnership to End Homelessness. The City also consults regularly with the Snohomish County Housing Authority.

**Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).**

City of Marysville Community Development staff collected quantitative and qualitative data via online research, communications with other agencies, public meetings, and a public hearing to develop the Annual Action Plan. Staff utilized research gathered from surveys issued directly to low- and moderate-income individuals, to gain a better understanding of the available resources, needs, barriers, and strategies for serving Marysville's low- and moderate-income population. To solicit additional details from all stakeholders, the City held public meetings and a public hearing.

In preparing the Consolidated Plan and Annual Action Plan, staff consulted with a comprehensive group of public and private housing, health, and social services agencies, including those focused on services to children, elderly persons, persons with disabilities, persons with HIV/AIDS and their families, and homeless persons. Staff also consulted with agencies focused on homeless strategies and resources and lead-based paint hazards, as well as the local public housing authority and adjacent governments, including those involved with metropolitan-wide planning.

**Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.**

As part of the HOME Consortium with Snohomish County, City of Marysville's staff participated in the County's process to establish a Continuum of Care strategy. City staff sits on the County's Partnership to End Homelessness Continuum of Care Board.

**Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate**

**outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS**

The City does not directly receive ESG funds. The City has coordinated with Snohomish County Human Services, and the organizations most responsible for using ESG funds and for administering HMIS for service providers who operate in the County. The City has incorporated Snohomish County Continuum of Care Action Plan and Snohomish County Housing and Community Development Consolidated Plan goals, strategies, activities and outcomes in the 2015-2019 Consolidated Plan as well as this Annual Action Plan.

### **1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting**

The Citizen Participation Process (CPP) is designed especially to encourage participation by low- and moderate-income persons, particularly those living in slum and blighted areas and in areas where CDBG funds are proposed to be used, and by residents of predominantly low- and moderate-income neighborhoods, as defined by the City of Marysville. The CPP encourages the participation of all citizens within the City of Marysville, including racially and ethnically diverse populations and non-English speaking persons, as well as persons with disabilities. Notices for public meetings and soliciting public comment were included in the local ethnic circulations and translated into multiple languages. The impact on goal setting was based on the feedback received from citizens and is reflected in this plan.

Additionally, refer to Snohomish County Consolidated Plan Consultation and Citizen Participation sections as the City worked collaboratively with the County and the City of Everett in the Consultation and Citizen Participation processes. The City's entire Citizen Participation Plan (CPP) can be reviewed upon request. The information will be made available in a format accessible to persons with disabilities, upon request.

Publication of the Draft 2016 Annual Action Plan for a 30-day public review and comment period and additional public hearings provided residents with an additional opportunity to comment. No comments were received during the public comment period or at the public hearing.

## Expected Resources

### AP-15 Expected Resources – 91.420(b), 91.220(c) (1, 2)

#### Introduction

The Strategic Plan presents the City of Marysville’s priority needs, strategies, and objectives to demonstrate how the City will provide new or improved availability/accessibility, affordability, and sustainability of decent housing, a suitable living environment, and economic opportunities, principally for low- and moderate-income residents. The Strategic Plan will be in effect from July 1, 2015 through June 30, 2019.

CDBG funds will be targeted to activities benefiting the block groups where at least 51% of the residents have income at or below 80% of the median income, as defined by HUD. The investment of CDBG funds will be based on whether an activity meets all of the following criteria:

- Meets a national objective
- Meets a CDBG objective
- Is an eligible activity according to CDBG entitlement program guidelines
- Is consistent with the priorities and objectives of this plan

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

Federal funds the City receives through the Community Development Block Grant (CDBG) are used to leverage other federal, state, local and private resources to meet housing and community development needs. While matching funds are not currently required for the City’s CDBG program, the City anticipates that most major projects will be funded primarily through non-CDBG resources. In previous years, CDBG funds have been used to fill funding gaps in projects.

Table 6 - Goals Summary

### Goal Descriptions

1	<b>Goal Name</b>	Housing
	<b>Goal Description</b>	Using the available CDBG funds, the City proposes assisting approximately 75 senior and special needs households with affordable housing through activities that rehabilitate existing units and assist homeowners with everyday chores allowing them to stay in their homes.  The City will continue to support HASCO's strategy as described in the Strategic Plan.
2	<b>Goal Name</b>	Homelessness
	<b>Goal Description</b>	Provide affordable housing and comprehensive services to individuals and families experiencing or at-risk of homelessness. Support the implementation of housing for homeless which could include a wide range of housing: shelter, transitional housing, and housing first units to provide a safe place to stay along with services. The goal is to assist homeless in transitioning from shelter to housing. This would include addressing the needs related to homelessness.

<b>3</b>	<b>Goal Name</b>	Non-homeless Special Needs
	<b>Goal Description</b>	Provide services to low income seniors and disabled adults allowing them to preserve their independence and provide a safe living environment. Services include chore services which allows low-income seniors citizens and person with disabilities to retain their independence and remain in their homes. Provide meals to low-income senior citizens, disabled adults, and low-income school aged children
<b>4</b>	<b>Goal Name</b>	Planning and Administration
	<b>Goal Description</b>	Planning and administration funds will support management, oversight, and coordination of the CDBG grant program, which includes activities such as development of the Consolidated Plan and Annual Action Plans; facilitating the citizen participation process; and selection, monitoring, evaluating, and reporting for CDBG projects and activities.
<b>5</b>	<b>Goal Name</b>	Community Development
	<b>Goal Description</b>	Using the available CDBG funds, the City proposes assisting individuals by promoting a suitable living environment, dignity, self-sufficiency, and economic advancement for low- and moderate-income persons. Funds will also be used to improve the safety and livability of low- and moderate-income neighborhoods by addressing service gaps in public facilities.

**Table 7 – Goal Descriptions**

## AP-35 Projects - 91.420, 91.220(d)

### Introduction

The City of Marysville will receive \$368,272 in federal funding for the 2016 program year under the CDBG program. The City anticipates that these funds will help leverage funding from other public and private resources.

Capital projects will include activities related to housing, rehabilitation, public facilities, and infrastructure. Public services will include services that meet the needs of homeless and special needs populations, specifically seniors, persons with disabilities, as well as services that address hunger. Planning and administration funds will support management, oversight, and coordination of the CDBG grant program, which includes activities such as development of the Consolidated Plan and Annual Action Plans; facilitating the citizen participation process; and selection, monitoring, evaluating, and reporting for CDBG projects and activities.

4	PY2016 - Non-homeless Special Needs
5	PY2016 - Affordable Housing
6	PY2016 - Public Facilities
7	PY2016 - Homeless Housing
8	PY2016 - Homeless Housing and Supportive Services

**Table 8 – Project Information**

**Describe the reasons for allocation priorities and any obstacles to addressing underserved needs**

Assistance will be primarily directed to the City’s areas with a majority of low- and moderate-income residents and concentrations of racial and ethnic diversity, as identified in the 2015-2019 Consolidated Plan.

Allocation priorities and investments for the 2016 program year were informed by the priority needs identified in the citizen and consultation processes and general research, as well as the potential for providing the greatest benefit, considering the limited amount of funding available, while meeting CDBG Program requirements.

The greatest obstacle to meeting underserved needs is expected to be the availability of adequate financial resources to keep pace with demand, particularly related to affordable housing and services for the growing senior population, persons with disabilities, homeless persons with mental health and chemical dependency issues, and low- and moderate-income populations.

**Table 9 - Geographic Distribution**

### **Rationale for the priorities for allocating investments geographically**

The projects that have been targeted in specific neighborhoods/tracts reflect the priority to encourage activities to locate where they are most effective and efficient.

## **AP-85 Other Actions - 91.420, 91.220(k)**

### **Introduction**

#### **Actions planned to address obstacles to meeting underserved needs**

The City will continue to conduct outreach to various community sectors to inform lenders, property managers, and the public about Fair Housing laws. The City will also continue to work with non-profits to determine where the greatest underserved needs lie.

#### **Actions planned to foster and maintain affordable housing**

The City will work to reduce barriers to affordable housing by awarding CDBG funds to projects that will help develop or maintain decent and safe affordable housing for low-to-moderate income persons in our community. In addition, the City will specifically explore reducing barriers for production of low-income housing, shelters, transitional housing, housing for elderly and special needs housing.

#### **Actions planned to reduce lead-based paint hazards**

The City will pursue the Lead-based Paint Strategy as described in the Strategic Plan to evaluate and reduce the number of housing units containing lead-based paint hazards. All housing rehabilitation efforts on homes that were built before 1978 will include lead-based paint hazard evaluations. All hazards will be addressed, either through abatement or interim controls to minimize the hazards.

#### **Actions planned to reduce the number of poverty-level families**

The City provides funding to organizations which provide supportive services to homeless and at risk of homelessness families including Case Managers that work with parents to develop goals and step-by-step plans to move families forward, including basic education, access to child support, legal remedies, quality childcare, and preparation for employment. The City will continue to fund these types of services.

#### **Actions planned to develop institutional structure**

The City will continue to use its citizen participation process to solicit public comments on local priorities and objectives for CDBG funds and to receive feedback on progress made towards meeting the local strategies and objectives. The Citizen Advisory Committee (CAC) for Housing and Community Development enhances the level of guidance from the community, coordination between public and nonprofit agencies, and supports further development of the institutional structure.

**Actions planned to enhance coordination between public and private housing and social service agencies**

The City will continue to coordinate and support the efforts of local housing and service agencies. The City is actively participating in the development of the Partnership to End Homelessness' Strategic Plan. The City works with the Housing Authority of Snohomish County (HASCO) on existing and proposed housing projects located within the City.

## Program Specific Requirements

### AP-90 Program Specific Requirements - 91.420, 91.220(I)(1,2,4)

#### Introduction

The 2016 Action Plan continues some of the programs, and one capital project, that the City has implemented in the past. Programs include; Minor Home Repair; public (human) services consisting of, Chore Services, and Supportive Services for low- and moderate- income individuals and families. In addition, two new Public Service projects have been funded to address food insecurities of low-and moderate-income children and low- and moderate-income seniors and adults with disabilities.

The City does not expect to receive program income, proceeds from Section 108 loan guarantees, surplus funds from urban renewal settlement, returned grant funds, or income from float-funded activities during the term of the Con Plan. The City does not expect to fund any urgent need activities. All CDBG funds are expected to be used for activities that benefit persons of low- and moderate income.
